

# DBN

## Ultra-compact manual lever chain hoist 250 and 500 kg

### DESCRIPTION

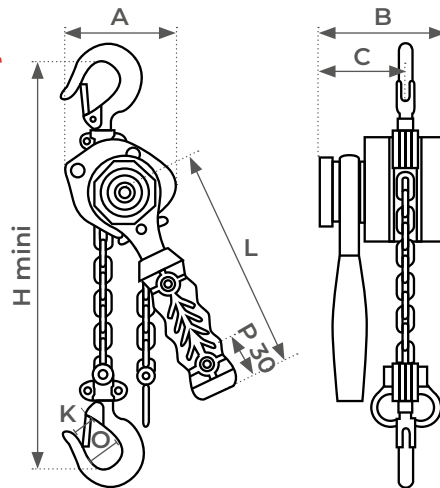

DBN is the most compact and lightweight STOCKMAN hoist for professionals. It offers the same safety and design features as other lever hoists but its small size and weight are its most important advantage. Ideal for straightening, metalworking, crafting and heavy duty work in tight spaces. The housing unit protects the hoist mechanism to ensure a proper functioning. Working parts are galvanized to protect them against corrosion.

### FEATURES

- Excellent weight/load capacity ratio
- Freewheel system allows the load chain to be quickly pulled to hook the load
- Ergonomic rubber handle lever
- High tensile strength steel chain
- Delivered with a belt pouch

**ALL OUR HOISTS ARE TESTED BEFORE SHIPMENT**

**DBN25-1.5M**
