

# EXO G

## Slip-on fork extensions 1000 to 2500 kg

### FEATURES

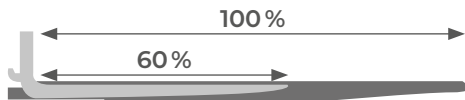

- Robust and functional
- Extremely fast installation
- Cold galvanized coating
- Safety restraining strap at the rear prevents the extensions from sliding off the forks
- Open underside

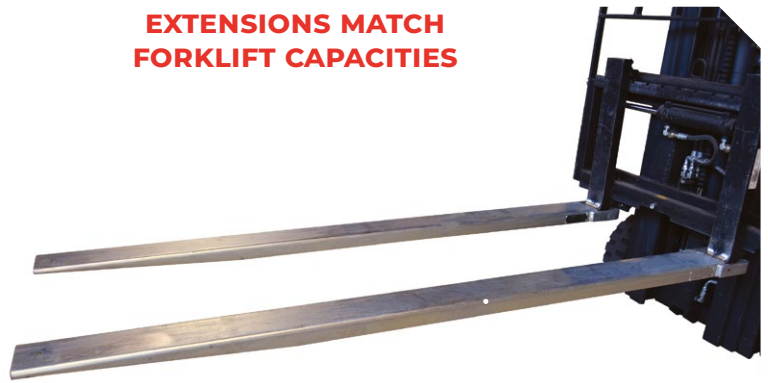

Open extensions

### STANDARD ISO 13284

At least 60% of the fork extension total length has to be supported by the fork of the forklift truck  
(e.g.: for a 1500 mm long fork = maximum extension length of 2400 mm)

**PLEASE VERIFY  
EXTENSIONS MATCH  
FORKLIFT CAPACITIES**

Protected license plate in the reinforcement section of the forks extensions
