

Motorized vertical stock picker 5500 to 6500 mm working height

DESCRIPTION

NMV order pickers are incredibly compact, solid and easy to maneuver. They deliver great versatility for many applications making them the essential tool for order picking.

With only one hand, workflows become smoother thanks to its IS-Move joystick.

Its triplex mast design enables reaching high working heights while remaining extremely compact on ground level.

FEATURES

- Emergency stop button
- Battery charge LED indicator
- Varta maintenance-free battery
- Hydr.app hydraulics (Italian)
- Non-marking silent wheels
- IS-Move PG joystick (English)
- Built-in charger
- Tight turning radius
- Lift capacity: 300 kg
- Finger-tip controls
- Load limiter
- Storage case for charger cables
